## IMPORTANT INFORMATION

The Notice to Mariners is published by the National Imagery and Mapping Agency (NIMA), under the authority of Department of Defense Directive 5105.40, to advise mariners of important matters affecting navigational safety, including new hydrographic discoveries, changes in channels and navigational aids, etc. (U.S. Code Title 10, Sec. 442 and Title 44, Sec. 1336 refer). Nothing in the arrangement of information implies endorsement or acceptance by NIMA in matters affecting the status and boundaries of States and territories. The Notice to Mariners presents corrective information affecting charts, NIMA Hydrographic Products Catalog, Coast Pilots, Sailing Directions, Fleet Guides, USCG Light Lists, NIMA List of Lights, Radio Navigational Aids and other products produced by the National Imagery and Mapping Agency, National Ocean Service and U.S. Coast Guard.

Information for the Notice to Mariners is contributed by the following Agencies: National Imagery and Mapping Agency (NIMA) (Department of Defense) for waters outside the territorial limits of the United States; National Ocean Service (NOS) (Department of Commerce), which is charged with the surveys and charting of the coasts and harbors of the United States and its territories; the U.S. Coast Guard (USCG) (Department of Transportation), which is responsible for the safety of life at sea and the establishment and operation of aids to navigation; and the U.S. Army Corps of Engineers (Department of Defense), which is charged with the improvement of rivers and harbors of the United States. In addition, important contributions are made by foreign hydrographic offices and cooperating observers of all nationalities.

For further information concerning NIMA hydrographic products and services, including the Maritime Safety Information Website, users may contact:

The Maritime Safety Information Website can be accessed via the NIMA Homepage (www.nima.mil) under the Safety of Navigation icon or directly at (http://pollux.nss.nima.mil). For your convenience NIMA provides three e-mail addresses. For information affecting Notice to Mariners use NavNotices@nima.mil, for information affecting Sailing Directions and all other navigational publications use SDPUBS@nima.mil, for information concerning the Maritime Safety Information Website, use webmaster\_nss@nima.mil.

Mariners are requested to notify NIMA of discrepancies in charts and publications, using the Marine Information Report and Suggestion Sheet at the back of this Notice to Mariners. This form should also be used to report permanent changes, additions, or deletions from charted or published information. Reports which constitute an immediate hazard to navigation should be sent to the nearest NAVAREA Coordinator via coast radio stations. All reports are greatly appreciated. Marine Information Report and Suggestion sheets received during the past week were submitted by the following observers:

Cover Photo: The guided missile destroyer USS HOPPER (DDG-70) is the 20th of 38 *Arleigh Burke*-class ships authorized by Congress. These multi-mission destroyers are equipped with the Navy's Aegis combat weapons system, which combines space-age communication, radar and weapons technologies in a single platform for unlimited flexibility while operating "Forward...From the Sea". The HOPPER is equipped to carry *Tomahawk* cruise missiles and standard surface-to-air missiles fired from forward and aft launching systems, *Harpoon* anti-ship missiles, two triple torpedo tubes, one five-inch gun and electronic warfare systems. The ship is named for Rear Admiral Grace Murray Hopper, whose pioneering spirit in the field of computer technology led the Navy into the age of computers. She brought her mathematical abilities to the nation when, in 1943, she entered the Naval Reserve commissioned as a Lieutenant. She retired from the Reserve in January 1967 only to be recalled to active duty in August 1967 by President Johnson. Rear Admiral Hopper retired a second time in August 1986. This is the first time since World War II and only the second time in Naval history, that a warship has been named for a woman from the Navy's own ranks. The HOPPER was built at Bath Iron Works in Bath, Maine and was commissioned in San Francisco on 06 September 1997. She is 505 feet in length, has a beam of 67 feet and displaces 8,500 tons fully loaded. She carries a crew of 302 Sailors, 24 Chief Petty Officers and 23 Officers.
